

# Application for Incomplete Grade

To request an incomplete grade, the student must complete sections I and II and submit the form to his/her instructor. If approved, the instructor specifies terms for making up the incomplete in section III and returns a copy to the student. The instructor may submit a copy of the agreement to the Registrar's Office ([bsmith@talladega.edu](mailto:bsmith@talladega.edu)). After the work is completed, the instructor must complete section IV and submit the form to the Registrar's Office. The form will not be accepted from the student.

Incompletes must be made up by the end of the following semester. If the work for the Incomplete is not finished within one year or before graduation, whichever comes first, the "I" grade will be converted to an "F" and computed as a failing grade in the GPA. Only in the most extenuating circumstances will extensions be granted beyond one calendar year. The request for an extension may be added to section IV and must be approved by the instructor and the Dean.

## Incomplete “I” Grade Policy

An Incomplete “I” is a temporary grade which may be given at the instructor’s discretion to a student when illness, necessary absence, or other reasons beyond the student’s control prevent completion of course requirements during the academic term.

### Incomplete grades may be given only in the following circumstances:

- The student is passing the course to date;
- Attendance has been satisfactory through at least 60% of the term;
- An illness or other extenuating circumstance legitimately prevents completion of required work by the due date;
- Required work may reasonably be completed in an agreed-upon time frame;
- The incomplete is not given as a substitute for a failing grade;
- The incomplete is not based solely on a student's failure to complete work or as a means of raising his or her grade by doing additional work after the grade report time;
- The student initiates the request for an incomplete grade before the end of the academic term;
- The instructor and student complete the “Application for Incomplete Grade” form before the end of the academic term.
- To assign the grade of incomplete (I) to the student, 70% of the coursework should be successfully completed by the student in the designated semester

Appropriate grades must be assigned in other circumstances. A failing grade and last date of attendance should be recorded for students who cease attending class without authorization. Students who are unable to complete a course and who do not meet the above circumstances should consider dropping the course.

### The following provisions for incomplete grades apply:

- The “Application for Incomplete Grade” in its entirety should be completed by the student and his/her instructor. The form may be obtained on the college’s website at [www.talladega.edu](http://www.talladega.edu) or in the Registrar’s Office.
- Incomplete grades should be made up by the end of the end of the next semester enrolled. Incomplete grades must be made up and final grades submitted within one calendar year from the date Incomplete was recorded. Only under the most extenuating circumstances may an Incomplete be made up more than one calendar year from the date it is recorded and only with a dean’s approval.
- The course work may be completed while the student is not enrolled.
- Incomplete grades appear on the transcript for one year. Incomplete grades do not affect the grade point average. After one year, or at the time of graduation, Incomplete grades will change to an ‘F’ and affect the student’s GPA.
- An Incomplete grade may not be considered passing for purposes of determining academic standing, federal financial aid eligibility, athletic eligibility, or other purposes.
- An incomplete should not be assigned when it is necessary for the student to attend additional class meetings to complete the course requirements. Students who received an incomplete grade in a course must not register for the course again in order to remove the “I”.  
An incomplete should not be assigned where the normal practice requires extension of course requirements beyond the close of a term, e.g., internship or project type courses. Rather, the course should remain ungraded until the project is complete.
